Bidding On Live Auctions

Once the auction goes live, if you don't see bid buttons on the tables please refresh your page.

Once the auction is live you will be able to place a bid. You will need to login or register if you haven't already to bid on the live auction using our site.

Please view our How To Guide on setting up your account.

View Guide => <https://bit.ly/41w5YvL>

To place a bid, please click **Bid Now** on the auction table, and then you will be taken to the individual lot page (please see the next page) where you can enter a direct bid, use one of the quick bid options or set your automatic bid. Also the highest bid will be shown in the live auction table if another bidder has bid on the lot and the reserve has been met.

The screenshot shows the website header with the logo 'GREAT NORTHERN RAILWAYANA AUCTIONS' and navigation links: Home, About/Info+, Auctions+, Auction Info+, Contact Us, Sell Your Items, LOGOUT, and GNR Auctions. Below the header is a search bar with the text 'Search by Title' and a 'Search' button. The main content is an auction table with the following columns: Lot Number, Image, Title, Highest Bid, Expires On, Place Bid, and Watch Lot. The table contains two rows of auction listings. The first row (Lot 1) has a highest bid of £110.00 and a 'Bid Now' button. The second row (Lot 2) has a highest bid of £3,000.00 and a 'Bid Now' button. A red arrow points to the 'Bid Now' button in the second row.

Bidding Options & Being Outbid

Direct Bid => This can be an amount of your choosing which meets the minimum requirements for that lot.

Quick Bid => These will go up in the following increments.

£10 for lots that have a starting price of £0 - £500

£20 for lots that have a starting price of £501 - £1000

£50 for lots that have a starting price of £1001 - £2000

£100 for lots that have a starting price of £2001 or above

*Please be cautious with **Direct Bids** and **Quick Bids** as these will allow you to bid above your maximum Automatic Bid or current Direct Bid. If you want to increase your bid but only place a bid based on the bid amount of other bidders and increments for that lot, please use Automatic Bids.

Automatic Bids => You can set your highest bid for any number of lots and the site will automatically place a bid up to that amount and include the above bid increments.

For example an automatic bid of £250 will only place a bid of £250 and not £250 + the £10 bid increment.

If you make an automatic bid with a maximum of £500 and the closest bid is £300 then you will win the lot for £310. Another example is if the maximum bid is £1000 and the closest bid is £700 you will win the lot for £720.

Being Out Bid => If another bidder outbids you, you will receive an email notification. The email notification contains links so you can get directly back to the lot if you wish to bid again.

We would advise checking your junk / spam folder in case these emails don't arrive in your inbox.

Please see the next page for an example screenshot of the email you will receive if you are outbid. This will then take you to our online payment page, where you will be able to enter your billing information and select your payment method.

Notifications will be displayed if you don't bid enough or if an automatic bid is generated from another user =>

The screenshot shows the same auction page as above, but with a red notification box overlaid. The notification box has a white background and a red border. It contains the text: "You've been outbid!" followed by a close button (X). Below this, it says: "You've been outbid by someone's automatic bid. An auto is a great strategy to stay on top. Give it a try!". The background is dimmed, showing the auction details and bid buttons.
